GOAL
The goals of the Oregon Intellectual Freedom Clearinghouse is to report on challenges to library materials in Oregon and to provide information and resources needed by librarians to uphold the principles of intellectual freedom in their libraries.

OBJECTIVES
The Oregon Intellectual Freedom Clearinghouse will:
1. Establish a central clearinghouse to collect reports about written challenges to library material from all types of libraries in Oregon.
2. Write and distribute an annual report on library materials challenged in Oregon.
4. Maintain the Title Index to Challenges which summarizes all of the reported challenges to library materials in Oregon from 1987 to the present.
5. With permission, connect librarians dealing with a challenge to other librarians who have dealt with similar challenges to library material.
6. Provide resources to help libraries establish policies and procedures that uphold the principles of intellectual freedom before challenges occur.
7. Support the Intellectual Freedom Committee of the Oregon Library Association in their effort to increase awareness of intellectual freedom issues.
8. Cooperate with other people and groups concerned with intellectual freedom or related issues.

SCOPE
The Oregon Intellectual Freedom Clearinghouse (OIFC) collects reports about written challenges to materials from all types of Oregon libraries. Libraries report the information to OIFC on a voluntary basis. OIFC compiles the information into an annual report each year. Each annual report is posted on the OIFC website and submitted to the American Library Association’s Office of Intellectual Freedom and the American Civil Liberties Union of Oregon. Oregon librarians are notified via email when the annual report is available on the OIFC website.

The 2016 Annual Report is a compendium of nine challenges to material from three public libraries and one school library. The Title Index to Challenges is a summary of all the challenges reported to OIFC from 1987 to the present. The Title Index to Challenges and all the annual reports are posted on OIFC’s website (https://www.oregon.gov/osl/LD/Pages/projects/OIFC/OregonChallenges.aspx).

**SUMMARY OF CHALLENGES REPORTED JULY 1, 2015—JUNE 30, 2016**

The OIFC received reports on nine challenges to library materials from three public libraries and one school library. Of the nine challenges, six of the items were books, one was a sound recording, one was a video, and one was an insert in a free local paper. Three of the challenges were initiated by parents and six were initiative by patrons. Eight of the challenged items were retained in the collection and a decision has not been made about one item.

The following challenged items are organized alphabetically by title of the challenged item. Each challenged item went through a review process by their respective library’s board of trustees, library board, selection committee, or committee of staff members. Review processes typically are adopted procedures by which a reviewing body reads or views challenged material, collects information about the material, and makes a decision about the material. Generally, the library director writes a letter to the party who has challenged the material informing them of the decision, and explaining the appeals process.
