SAMPLE LETTER OF SUPPORT – Summer Reading

August 1, 2019

Ms. Minerva McGonagall, Headmistress
Hogwarts School
Hogsmeade, Scotland

Dear Ms. McGonagall,

It is my pleasure to write a letter in support of the Ready to Read project being submitted to the State Library of Oregon by Hogwarts Library at Hogwarts School. As you know, the Hogwarts 2020 Ready to Read project is intended to mitigate summer learning loss among the first and second year students and has been effective at targeting those students most in need of support.

Hogwarts’ previous summer reading programs have been highly successful in helping students maintain their learning over the summer months. The Ministry of Magic has been delighted to support this effort in previous years by contributing unique versions of the Marauder’s map to all students who complete the summer reading program. We will be happy to do so again and I am looking forward to hearing about student results in the fall.

Sincerely,

Hermione Granger
Minister of Magic & Graduate of Hogwarts
